

## **e-way bill implementation in Karnataka**

Provisions relating to e-way bill will be introduced through the country from 1.04.2018 for inter-State movement of goods. In Karnataka, the e-way bill system has been in force since September 2017.

This is to notify that the e-way bill will be mandatory for both intra-State and inter-State movement of goods in Karnataka. Therefore, both movement of goods within Karnataka as well as inter-State movement from and to Karnataka would require e-way bill as per the e-way bill rules. (Notification (4-N/2017) No. FD 47 CSL 2017). The rules are found here:
